Standard NZ company income-tax preparation estimate using the explicitly confirmed 28% rate; this is not an IR4 filing or a full tax assessment.

Confirm entity eligibility, loss continuity/availability, tax adjustments and credit eligibility with your accountant.

Excess credits are not automatically refundable.

Provisional-tax instalments, imputation, shareholder adjustments, special entity rates and IRD submission are outside this worksheet. Confirm current law and dates in myIR before filing.

Your accountant must confirm entity eligibility, tax adjustments, loss continuity and credit availability before filing separately in myIR.
